EN UN COUP D'ŒIL

Aperçu de l'expérience

Experience the raw beauty and untamed drama of Africa with African Queen Adventures on this extraordinary 9-day Great Migration safari through Tanzania's iconic northern safari circuit.

This journey is specially designed to maximize your chances of witnessing the world-famous Mara River crossing in the northern region of Serengeti National Park — one of nature's most breathtaking and emotional wildlife spectacles.

Watch as thousands of wildebeest and zebras gather along the riverbanks, preparing to cross crocodile-infested waters while predators wait nearby. The Great Migration is one of the most dramatic wildlife events on Earth and offers unforgettable safari moments for photographers, wildlife enthusiasts, and adventure travelers alike.

Beyond the migration, explore the elephant-rich landscapes of Tarangire National Park and descend into the magnificent Ngorongoro Crater, home to one of Africa's densest concentrations of wildlife including the endangered black rhino.

Travel privately in a luxury 4x4 safari vehicle with your professional guide while staying in carefully selected lodges and luxury tented camps throughout your journey.
